

En tant que
joueur je veux
voir la carte
pour me
repérer

En tqj, je veux
voir mon
avatar sur la
carte pour me
repérer

En tqj, je veux
pouvoir me
déplacer sur la
carte

En tant que
jeu, je veux
pouvoir
accueillir au
moins 4
personnes

En tqj, je veux
pouvoir
terminer le jeu

En tqj, je veux
voir des objets
afin d'interagir
avec eux

En tqj, je veux
voir des
monstres pour
interagir avec
eux

En tant que
monstre, je
veux pouvoir
attaquer les
joueurs

En tqj, je veux
voir des pnjs
pour interagir
avec eux

En tqj, je veux
pouvoir
rentrer dans
un nouvel
endroit
(donjon,...)

En tqj, je veux
pouvoir choisir
entre
plusieurs rôles
dans le jeu

En tqj, je veux
pouvoir
interagir avec
l'environneme
nt

As a player, I want to see the map so I can find my way around

As a game, I want to be playable for at least four people

As a player, I want to see monsters so I can interact with them

As a player, I want to see NPCs so I can interact with them

As a player, I want to see my avatar on the map so I can find my way around

As a player, I want to be able to finish the game

As a monster, I want to be able to attack players

As a player, I want to be able to enter a new location (dungeon, etc.)

As a player, I want to be able to interact with the environment

As a player, I want to be able to move around the map

As a player, I want to see objects so that I can interact with them

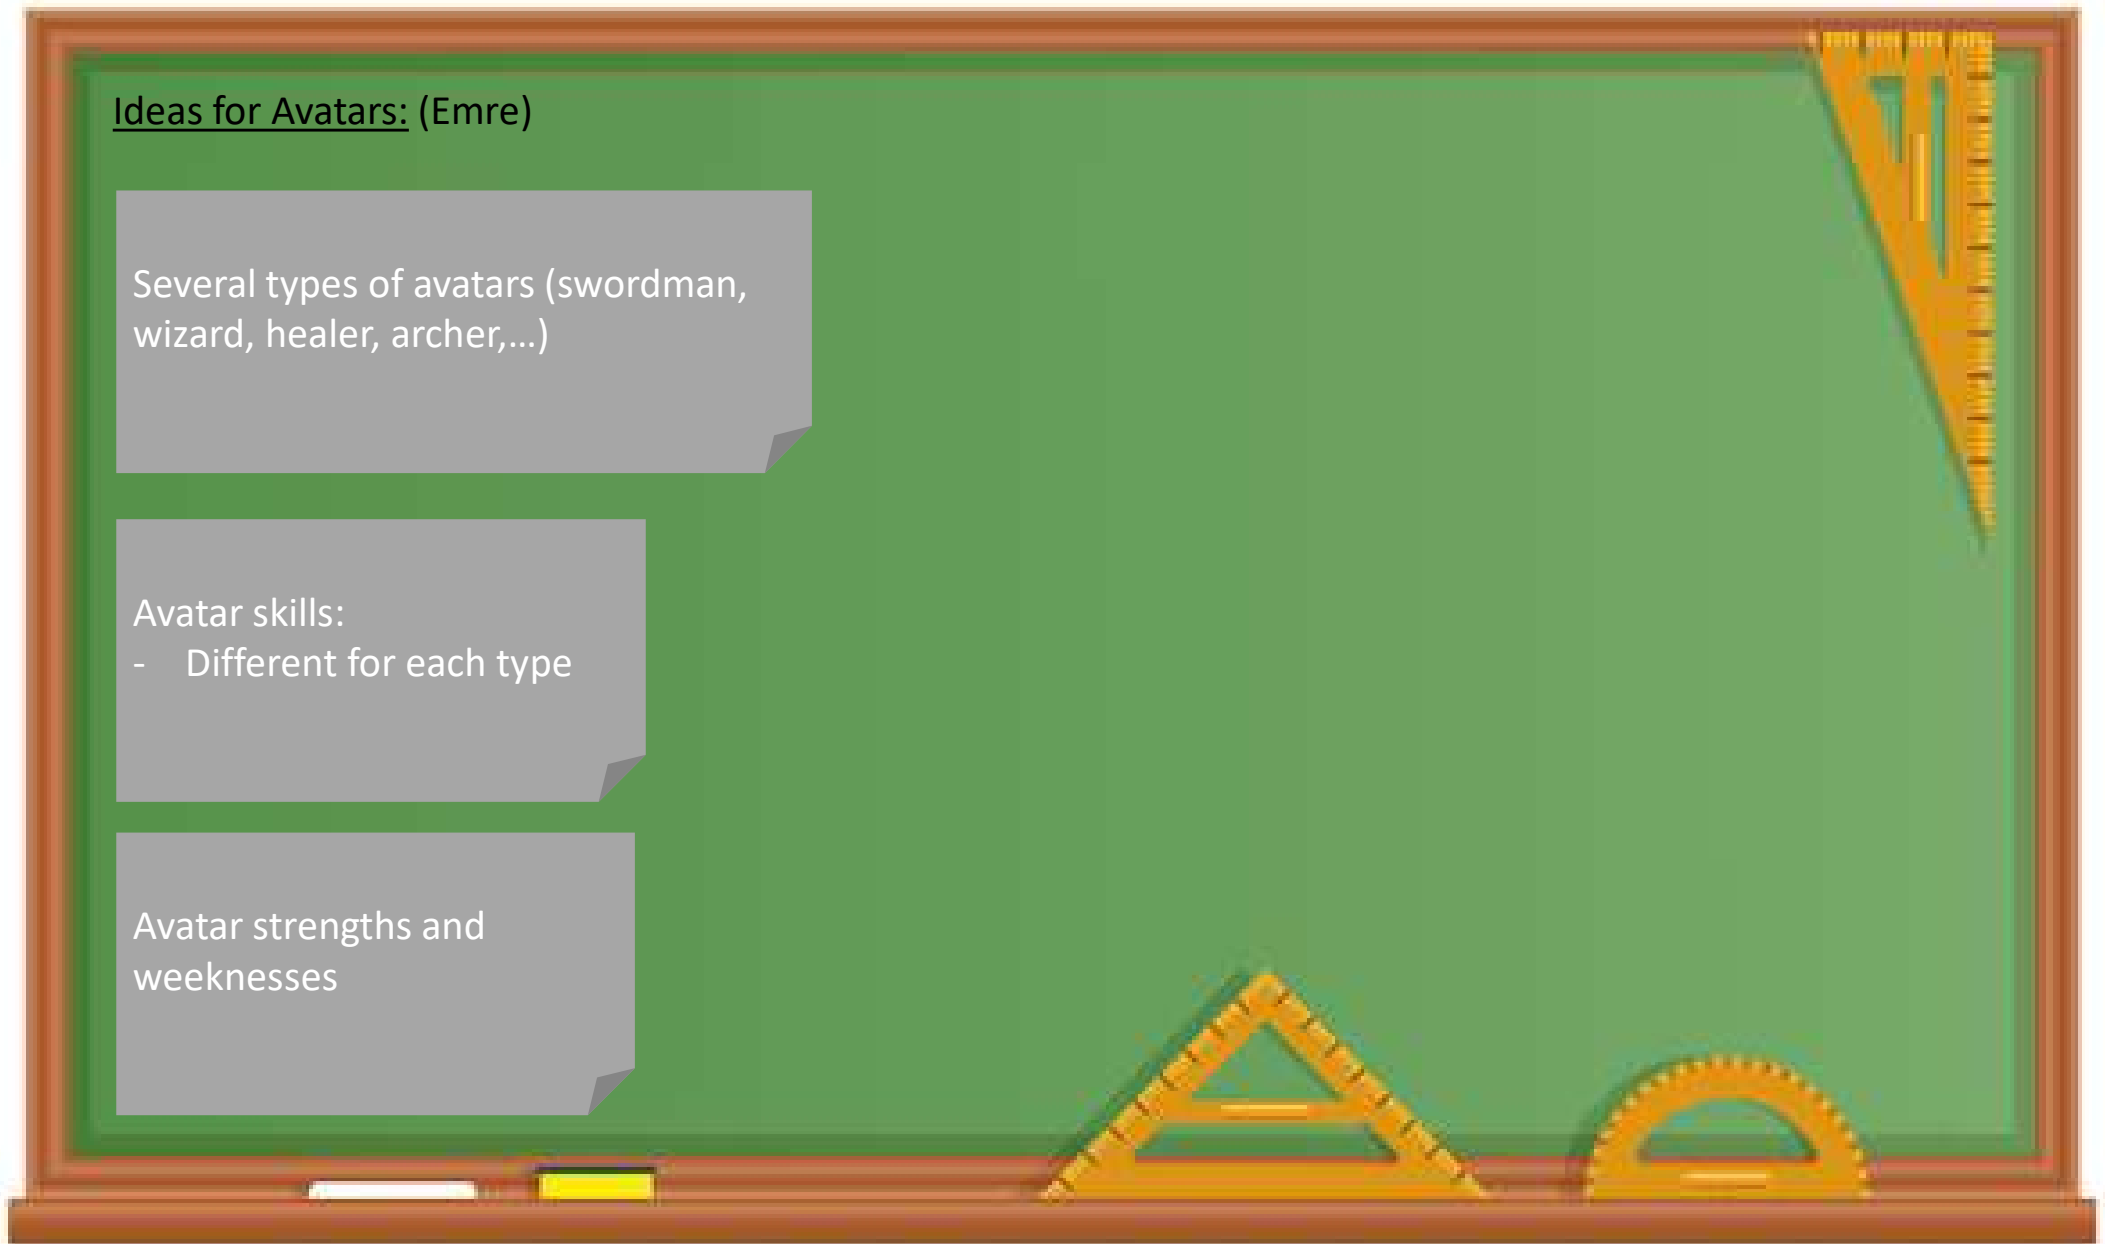

As a player, I want to be able to choose between several roles in the game

Ideas for Avatars: (Emre)

Several types of avatars (swordman, wizard, healer, archer,...)

Avatar skills:
- Different for each type

Avatar strengths and weaknesses

Idées for maps and platforms: (Louise)

Main map :

- Forest features
- 2D
- Top view (pokemon-like)

Dungeon map : ?

Ideas for Monsters: (Jun)

Several types
of monster
(insects)

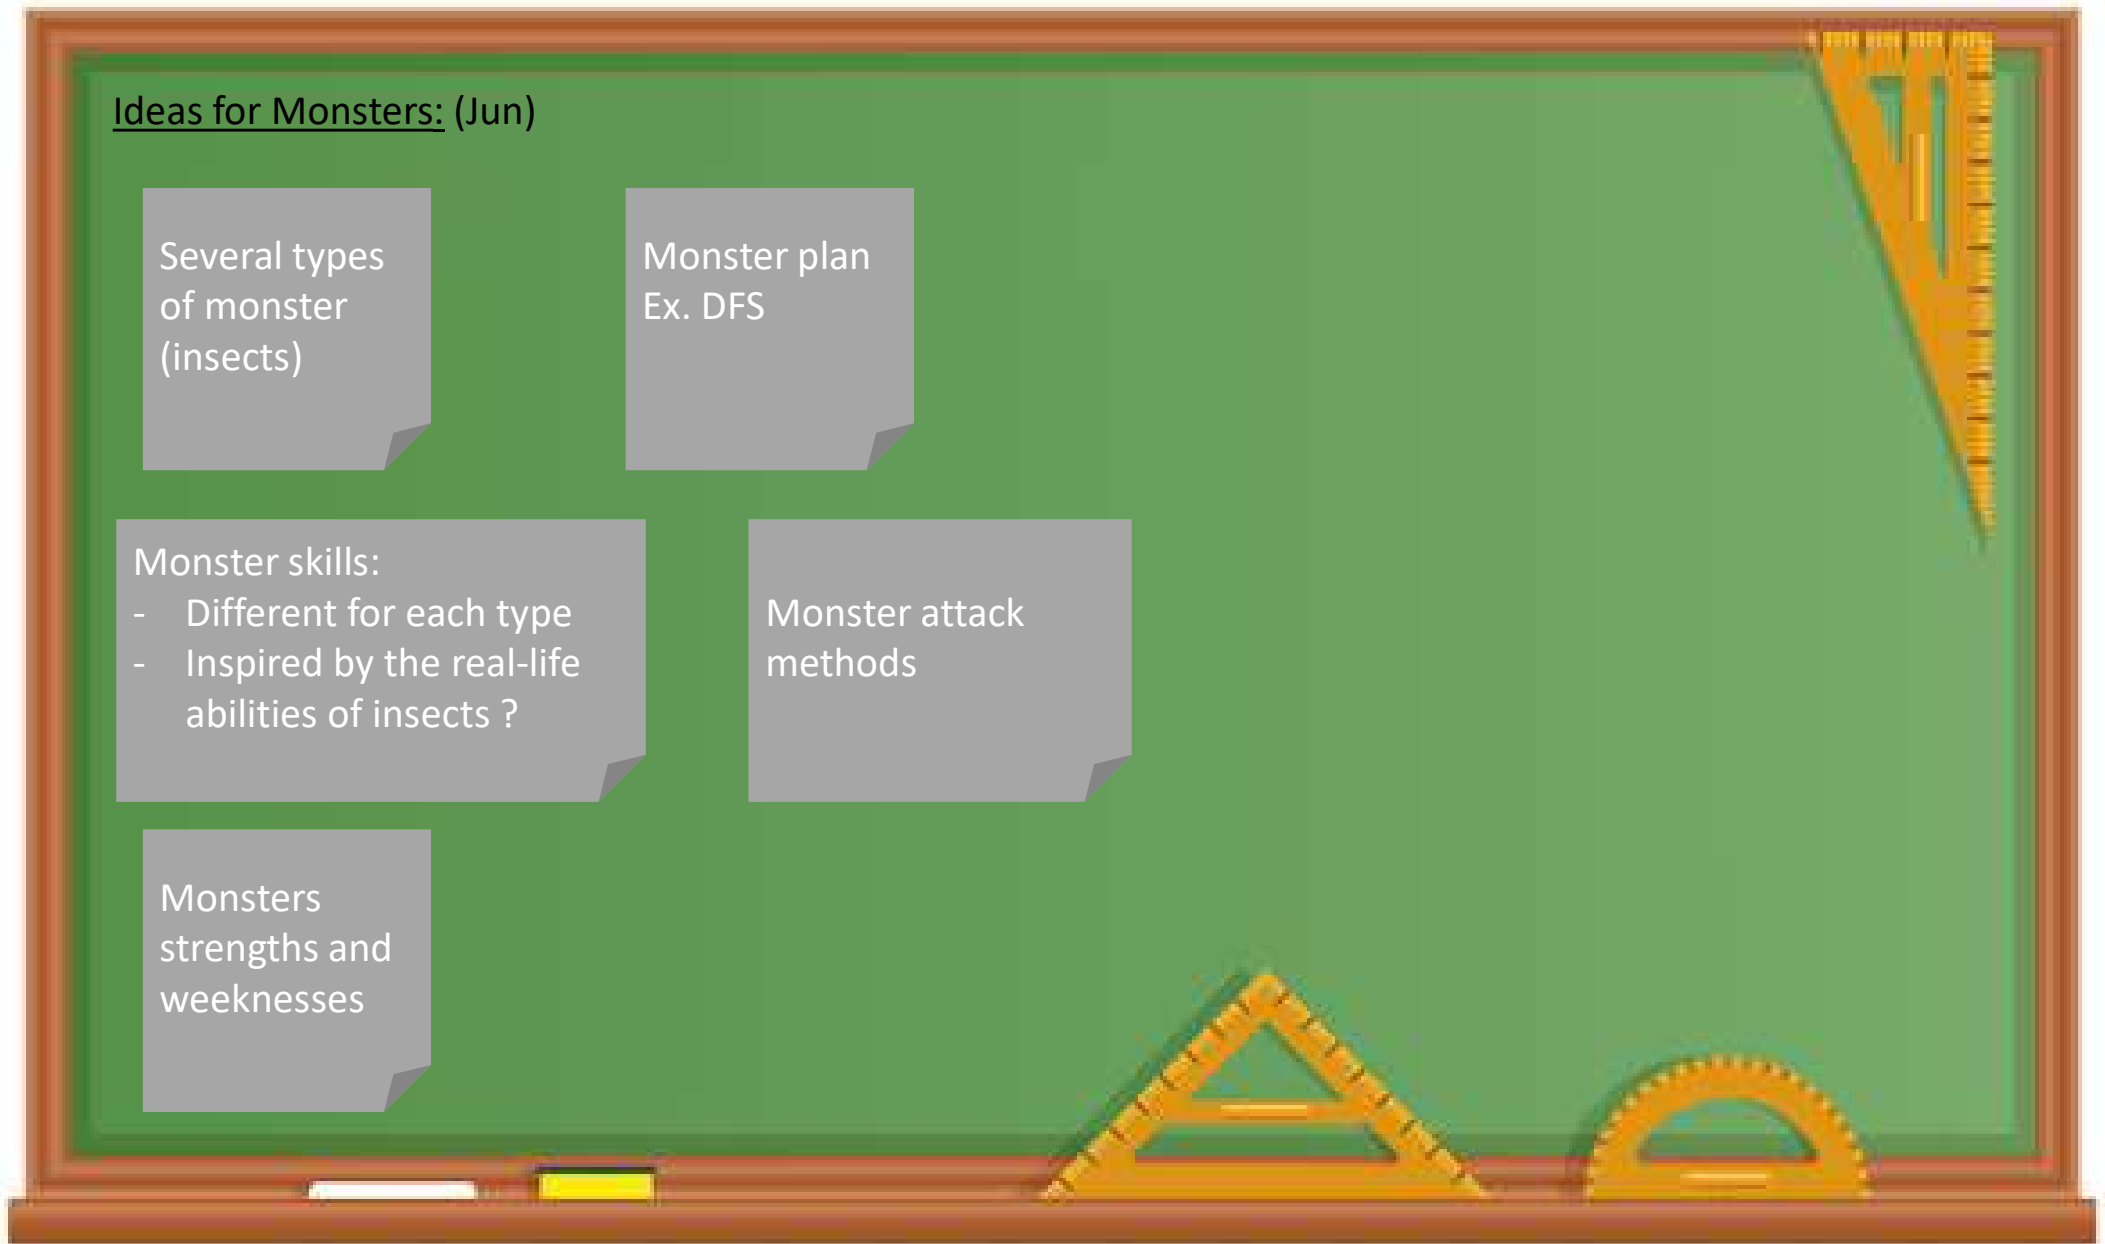

Monster plan
Ex. DFS

Monster skills:

- Different for each type
- Inspired by the real-life abilities of insects ?

Monster attack
methods

Monsters
strengths and
weaknesses

Ideas for Interfaces: (Nathan)

Game login interface :

- Connexion button
- Username text box (!= username)
- Password text box (==password for 1 loby)

Player inventory interface:

- Several categories of items
- Several boxes per category

Player selection interface:

- Several player archetypes (swordman, wizard, healer, archer,...)

Game map interface :

- Main map
- Dungeon map
- ...?
